

March 17, 2020

Dear Friends,

As we continue to monitor the impact of the Coronavirus, the health and well-being of our audiences, performers, and staff continue to be our highest priority. We have made the decision to postpone all scheduled performances until after the flu season and plan on re-opening the Playhouse on June 1, 2020 with a revised performance schedule which will be available shortly. Following the order of New Jersey Governor Phil Murphy restricting non-essential business, we have now closed our office for 14 day and will reassess at that time.

There is no need to immediately call the Playhouse as all reservations before June 1, 2020 will be postponed and all monies will be credited to be used at a later date.

We will be in the process of contacting all scheduled patrons once our office reopens, and ask for your patience and understanding during these difficult times.

Thank you for your patronage and continued support.
